OFFICE OF THE DIRECTOR

Dear Federal Employees Health Benefits Program Participant:

I am pleased to present this Federal Employees Health Benefits (FEHB) Program plan brochure for 2003. The brochure explains all the benefits this health plan offers to its enrollees. Since benefits can vary from year to year, you should review your plan's brochure every Open Season. Fundamentally, I believe that FEHB participants are wise enough to determine the care options best suited for themselves and their families.

In keeping with the President's health care agenda, we remain committed to providing FEHB members with affordable, quality health care choices. Our strategy to maintain quality and cost this year rested on four initiatives. First, I met with FEHB carriers and challenged them to contain costs, maintain quality, and keep the FEHB Program a model of consumer choice and on the cutting edge of employer-provided health benefits. I asked the plans for their best ideas to help hold down premiums and promote quality. And, I encouraged them to explore all reasonable options to constrain premium increases while maintaining a benefits program that is highly valued by our employees and retirees, as well as attractive to prospective Federal employees. Second, I met with our own FEHB negotiating team here at OPM and I challenged them to conduct tough negotiations on your behalf. Third, OPM initiated a comprehensive outside audit to review the potential costs of federal and state mandates over the past decade, so that this agency is better prepared to tell you, the Congress and others the true cost of mandated services. Fourth, we have maintained a respectful and full engagement with the OPM Inspector General (IG) and have supported all of his efforts to investigate fraud and waste within the FEHB and other programs. Positive relations with the IG are essential and I am proud of our strong relationship.

The FEHB Program is market-driven. The health care marketplace has experienced significant increases in health care cost trends in recent years. Despite its size, the FEHB Program is not immune to such market forces. We have worked with this plan and all the other plans in the Program to provide health plan choices that maintain competitive benefit packages and yet keep health care affordable.

Now, it is your turn. We believe if you review this health plan brochure and the FEHB Guide you will have what you need to make an informed decision on health care for you and your family. We suggest you also visit our web site at www.opm.gov/insure.

Sincerely,

A handwritten signature in black ink, appearing to read "Kay Coles James".

Notice of the Office of Personnel Management's Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

By law, the Office of Personnel Management (OPM), which administers the Federal Employees Health Benefits (FEHB) Program, is required to protect the privacy of your personal medical information. OPM is also required to give you this notice to tell you how OPM may use and give out ("disclose") your personal medical information held by OPM.

OPM **will** use and give out your personal medical information:

- To you or someone who has the legal right to act for you (your personal representative),
- To the Secretary of the Department of Health and Human Services, if necessary, to make sure your privacy is protected,
- To law enforcement officials when investigating and/or prosecuting alleged or civil or criminal actions, and
- Where required by law.

OPM **has the right** to use and give out your personal medical information to administer the FEHB Program. For example:

- To communicate with your FEHB health plan when you or someone you have authorized to act on your behalf asks for our assistance regarding a benefit or customer service issue.
- To review, make a decision, or litigate your disputed claim.
- For OPM and the General Accounting Office when conducting audits.

OPM **may** use or give out your personal medical information for the following purposes under limited circumstances:

- For Government healthcare oversight activities (such as fraud and abuse investigations),
- For research studies that meet all privacy law requirements (such as for medical research or education), and
- To avoid a serious and imminent threat to health or safety.

By law, OPM must have your written permission (an "authorization") to use or give out your personal medical information for any purpose that is not set out in this notice. You may take back ("revoke") your written permission at any time, except if OPM has already acted based on your permission.

By law, you **have the right** to:

- See and get a copy of your personal medical information held by OPM.
- Amend any of your personal medical information created by OPM if you believe that it is wrong or if information is missing, and OPM agrees. If OPM disagrees, you may have a statement of your disagreement added to your personal medical information.
- Get a listing of those getting your personal medical information from OPM in the past 6 years. The listing will not cover your personal medical information that was given to you or your personal representative, any information that you authorized OPM to release, or that was given out for law enforcement purposes or to pay for your health care or a disputed claim.
- Ask OPM to communicate with you in a different manner or at a different place (for example, by sending materials to a P.O. Box instead of your home address).
- Ask OPM to limit how your personal medical information is used or given out. However, OPM may not be able to agree to your request if the information is used to conduct operations in the manner described above.
- Get a separate paper copy of this notice.

For more information on exercising your rights set out in this notice, look at www.opm.gov/insure on the web. You may also call 202-606-0191 and ask for OPM's FEHB Program privacy official for this purpose.

If you believe OPM has violated your privacy rights set out in this notice, you may file a complaint with OPM at the following address:

Privacy Complaints
Office of Personnel Management
P.O. Box 707
Washington, DC 20004-0707

Filing a complaint will not affect your benefits under the FEHB Program. You also may file a complaint with the Secretary of the Department of Health and Human Services.

By law, OPM is required to follow the terms in this privacy notice. OPM has the right to change the way your personal medical information is used and given out. If OPM makes any changes, you will get a new notice by mail within 60 days of the change. The privacy practices listed in this notice will be effective April 14, 2003.

Introduction

This brochure describes the benefits of the Rural Carrier Benefit Plan under our contract (CS 1073) with the Office of Personnel Management (OPM), as authorized by the Federal Employees Health Benefits law.

This plan is underwritten by the Mutual of Omaha Insurance Company, Omaha, Nebraska. The address for the Rural Carrier Benefit Plan administrative office is:

Rural Carrier Benefit Plan
1630 Duke Street, First Floor
Alexandria, VA 22314-3466

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled for Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2003, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2003, and changes are summarized on page 9. Rates are shown at the end of this brochure.

Plain Language

All FEHB brochures are written in plain language to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms, we use common words. “You” means the enrollee or family member; “we” means the Rural Carrier Benefit Plan
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let us know. Visit OPM’s “Rate Us” feedback area at www.opm.gov/insure or e-mail us at fehwebcomments@opm.gov. You may also write to OPM at the Office of Personnel Management, Office of Insurance Planning and Evaluation Division, 1900 E Street, NW, Washington, DC 20415-3650.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits (FEHB) Program premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud — Here are some things you can do to prevent fraud:

- Be wary of giving your plan identification (ID) number over the telephone or to people you do not know, except to your doctor, other provider, or authorized plan or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.

- Carefully review explanations of benefits (EOBs) that you receive from us.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 1-800/638-8432 and explain the situation.
 - If we do not resolve the issue:

**CALL — THE HEALTH CARE FRAUD HOTLINE
1-202/418-3300**

OR WRITE TO:

The United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street, NW, Room 6400
Washington, DC 20415

- Do not maintain as a family member on your policy:
 - your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
 - your child over age 22 (unless he/she is disabled and incapable of self support).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed or with OPM if you are retired.
- You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEHB benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the Plan.

Section 1. Facts about this fee-for-service plan

This Plan is a fee-for-service (FFS) plan. You can choose your own physicians, hospitals, and other health care providers.

We reimburse you or your provider for your covered services, usually based on a percentage of the amount we allow. The type and extent of covered services, and the amount we allow, may be different from other plans. Read brochures carefully.

We also have Preferred Provider Organizations (PPO):

Our fee-for-service plan offers services through a PPO. When you live in a PPO network area and use our PPO providers, you will receive covered services at reduced cost. Contact us at 1-800/638-8432 or the Mutual of Omaha website, www.mutualofomaha.com for the names of PPO providers and to verify their continued participation. You can also go to our web page, which you can reach through the FEHB web site, www.opm.gov/insure. Contact the Rural Carrier Benefit Plan to request a PPO directory.

The non-PPO benefits are the standard benefits of this Plan. PPO benefits apply only when you use a PPO provider. Provider networks may be more extensive in some areas than others. We cannot guarantee the availability of every specialty in all areas. If no PPO provider is available, or you do not use a PPO provider, the standard non-PPO benefits apply. When you use a PPO hospital, keep in mind that the health care professionals who provide services to you in the hospital, such as radiologists, emergency room physicians, anesthesiologists, and pathologists, may not all be preferred providers. If they are not, we will pay them as non-PPO providers.

The Plan has PPO networks in all states except for Hawaii, Vermont and Wyoming.

How we pay providers

We generally reimburse participating providers according to an agreed-upon fee schedule and we do not offer additional financial incentives based on care provided or not provided to you. Our standard provider agreements do not contain any incentives to restrict a provider's ability to communicate with or advise you of any appropriate treatment options. In addition, we have no compensation agreement, ownership, or other influential interests that are likely to affect provider advice or treatment decisions.

Call the telephone number on your identification (ID) card to locate health care providers who may offer discounts.

We may apply a discount to covered services you receive from other providers through our negotiated arrangements with those providers.

Your Rights

OPM requires all FEHB Plans provide certain information to their FEHB members. You may get information about networks, our providers, facilities, and us. OPM's FEHB website (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Years in existence
- Profit status

If you want more information about us, call 1-800/638-8432 or write to Rural Carrier Benefit Plan, 1630 Duke Street, First Floor, Alexandria, VA 22314-3466. You may also contact us by fax at 1-703/684-9627 or visit our website at www.nrlca.org.

Section 2. How we change for 2003

Do not rely on these change descriptions; this page is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Program-wide changes

- A Notice of the Office of Personnel Management's Privacy Practices is included.
- A section on the Children's Equity Act describes when an employee is required to maintain Self and Family coverage.
- Program information on TRICARE and CHAMPVA explains how annuitants or former spouses may suspend their FEHB Program enrollment.
- Program information on Medicare is revised.
- The Medically Underserved section is revised.
- By law, the DoD/FEHB Demonstration project ends on December 31, 2002.

Changes to this Plan

- Your share of the non-Postal premium will increase by 17.5% for Self Only or 18.8% for Self and Family.
- We clarified the brochure to better explain that a copayment of \$20 applies for each different doctor visit when a Plan member sees more than one PPO doctor in the same day.
- We clarified the Durable medical equipment (DME) benefit by adding a list of equipment that the Plan does not pay for, Section 5(a).
- We clarified Allergy care to show that the Plan pays for allergy serum under Prescription drug benefits, Section 5(f).
- We clarified the brochure language to show that freestanding alcohol or drug abuse facilities with accreditation from the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO) are included as covered facilities under the Plan, Section 3.
- We clarified the brochure to show that sonograms are covered under Lab, X-ray and other diagnostic tests, Section 5(a).
- We clarified the brochure language to show that during the calendar year the Plan covers two preventive care visits per person under Dental benefits, Section 5(h).
- We clarified the Extended care benefits/Skilled nursing care facility benefits to better explain how the Plan pays for care received in a skilled nursing facility, Section 5(c).
- We clarified the brochure to better explain how the Plan pays for care received as a result of a medical emergency like a heart attack or stroke under Emergency services/accidents, Section 5(d).
- We added four exclusions to General exclusions—things we don't cover, Section 6.
- We increased the Plan's copayment for doctor office visits from \$15 per visit to \$20 per visit when you use a PPO doctor.
- We changed the benefits for a stay in a non-PPO hospital from 100% for room and board, after a \$200 deductible, and 80% of other hospital charges to 85% of room and board and other hospital charges after a copayment of \$200 for the first day of each hospital stay.
- We changed the benefits for the outpatient hospital facility charge when surgery is done from 100% for a PPO and non-PPO facility to 85% for a PPO facility and 75% for a non-PPO facility after the calendar year deductible.
- We increased the copayment for prescription drugs ordered through our mail order prescription program from \$13 generic or \$18 brand name to \$15 generic or \$25 brand name and for Plan members with Medicare Part B coverage from \$3 generic or \$6 brand name to \$6 generic or \$12 brand name.
- We now provide benefits for one routine colonoscopy every ten years beginning at age 50.
- We eliminated our benefit exclusion for acts of war and terrorism.
- We changed our Accidental injury benefit from 100% up to a maximum benefit of \$400 to 100% of the emergency room visit charges and 100% of the initial doctor's office visit. This benefit change does not apply to reimbursement of charges for x-rays or laboratory tests.
- We changed our smoking cessation benefit from benefits received during twelve consecutive months to benefits received during a calendar year.

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your Employee Express confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 1-800/638-8432.

Where you get covered care

- **Covered providers**

You can get care from any “covered provider” or “covered facility.” How much we pay – and you pay – depends on the type of covered provider or facility you use. If you live in the PPO network area and use our preferred providers, you will pay less.

We consider the following to be covered providers when they perform services within the scope of their license or certification:

Physician: A doctor of medicine (M.D.), osteopathy (D.O.), dental surgery (D.D.S.), medical dentistry (D.M.D.), podiatric medicine (D.P.M.), chiropractic (D.C.), and optometry (O.D.), when acting within the scope of his/her license or certification.

Qualified Clinical Psychologist: An individual who has earned either a doctoral or Masters Clinical Degree in psychology or an allied discipline and who is licensed or certified in the state where services are performed. This presumes a licensed individual has demonstrated to the satisfaction of state licensing officials that he/she by virtue of academic and clinical experience is qualified to provide psychological services in that state.

Nurse Midwife: A person who is certified by the American College of Nurse Midwives or is licensed or certified as a nurse midwife in states requiring licensure or certification.

Nurse Practitioner/Clinical Specialist: A person who: 1) has an active R.N. license in the United States; 2) has a baccalaureate or higher degree in nursing; and 3) is licensed or certified as a nurse practitioner or clinical nurse specialist in states requiring licensure or certification.

Clinical Social Worker: A social worker who: 1) has a master’s or doctoral degree in social work; 2) has at least two years of clinical social work practice; and 3) in states requiring licensure, certification, or registration, is licensed, certified, or registered as a social worker where the services are rendered.

Nursing School Administered Clinic: A clinic that is: 1) licensed or certified in the state where the services are performed; and 2) provides ambulatory care in an outpatient setting—primarily in rural or inner-city areas where there is a shortage of physicians. Services billed for by these clinics are considered outpatient ‘office’ services rather than facility charges.

Physician Assistant: A person who is licensed, registered, or certified in the state where services are performed.

Licensed Professional Counselor or Master’s Level Counselor: A person who is licensed, registered, or certified in the state where services are performed.

Audiologist: A person who is licensed, registered, or certified in the state where services are performed.

- **Medically underserved areas.**

Note: We cover any licensed medical practitioner for any covered service performed within the scope of that license in states OPM determines are “medically underserved.” For 2003, the states are: Alabama, Idaho, Kentucky, Louisiana, Maine, Mississippi, Missouri, Montana, New Mexico, North Dakota, South Carolina, South Dakota, Texas, Utah, West Virginia, and Wyoming.

- **Covered facilities**

Covered facilities include:

- **Hospital:**

- 1) An institution that is accredited as a hospital under the hospital accreditation program of the JCAHO; or
- 2) Any other institution that is operated pursuant to law, under the supervision of a staff of doctors and with 24-hour-a-day nursing service, and that is primarily engaged in providing:
 - a) General inpatient care and treatment of sick and injured persons through medical, diagnostic, and major surgical facilities, all of which facilities must be provided on its premises or under its control; or
 - b) Specialized inpatient medical care and treatment of sick or injured persons through medical and diagnostic facilities (including x-ray and laboratory) on its premises, under its control, or through a written agreement with a hospital (as defined above) or with a specialized provider of those facilities.

For treatment of alcoholism and drug abuse, hospital also includes a freestanding alcohol and drug abuse treatment facility approved by the JCAHO.

In no event shall the term hospital include a convalescent nursing home or institution or part thereof that:

- 1) Is used principally as a convalescent facility, rest facility, nursing facility, or facility for the aged;
- 2) Furnishes primarily domiciliary or custodial care, including training in the routines of daily living; or
- 3) Is operated as a school.

- **Skilled Nursing Facility:** An institution or that part of an institution that provides convalescent skilled nursing care 24 hours a day and is certified (or is qualified and could be certified) as a skilled nursing facility under Medicare.
- **Birth Center:** A licensed facility that is equipped and operated solely to provide prenatal care, to perform uncomplicated spontaneous deliveries, and to provide immediate post-partum care.
- **Hospice:** A public or private agency or organization that:
 - 1) Administers and provides hospice care; and
 - 2) Meets one of the following requirements:
 - Is licensed or certified as a hospice by the State in which it is located;
 - Is certified (or is qualified and could be certified) to participate as a hospice under Medicare;
 - Is accredited as a hospice by the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO); or
 - Meets the standards established by the National Hospice Organization.

What you must do to get covered care

Transitional care:

It depends on the kind of care you want to receive. You can go to any provider you want, but we must approve some care in advance.

Specialty care: If you have a chronic or disabling condition and

- lose access to your specialist because we drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan, or
- lose access to your PPO specialist because we terminate our contract with your specialist for other than cause

you may be able to continue seeing your specialist and receiving any PPO benefits for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist and any PPO benefits continue until the end of your postpartum care, even if it is beyond the 90 days.

Hospital care:

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 1-800/638-8432.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person.

How to Get Approval for...

• Your hospital stay

- **Precertification** is the process by which – prior to your inpatient hospital admission – we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition. Unless we are misled by the information given to us, we won't change our decision on medical necessity.
- In most cases, your physician or hospital will take care of precertification. Because you are still responsible for ensuring that we are asked to precertify your care, you should always ask your physician or hospital whether they have contacted us.

Warning:

We will reduce our benefits for the inpatient hospital stay by \$500 if no one contacts us for precertification. If the stay is not medically necessary, we will not pay any benefits.

How to precertify an admission:

- You, your representative, your physician, or your hospital must call us at 1-800/638-8432 at least seven days before admission.
- If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.
- Provide the following information:
 - Enrollee's name and Plan identification number;
 - Patient's name, birth date, and phone number;
 - Reason for hospitalization, proposed treatment, or surgery;
 - Name and phone number of admitting physician;
 - Name of hospital or facility; and
 - Number of planned days of the hospital stay.
- We will then tell your physician and/or hospital the number of approved inpatient days and we will send written confirmation of our decision to you, your physician, and the hospital.

Maternity care

You do not need to precertify a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than 48 hours after a vaginal delivery or 96 hours after a cesarean section, then your physician or the hospital must contact us for precertification of additional days. Further, if your baby stays after you are discharged, then your physician or the hospital must contact us for precertification of additional days for your baby.

If your hospital stay needs to be extended:

If your hospital stay — including for maternity care — needs to be extended, you, your representative, your physician or the hospital must ask us to approve the additional days.

What happens when you do not follow the precertification rules

- If no one contacted us, we will decide whether the hospital stay was medically necessary.
 - If we determine that the stay was medically necessary, we will pay the inpatient charges, less the \$500 penalty.
 - If we determine that it was not medically necessary for you to be an inpatient, we will not pay inpatient hospital benefits. We will only pay for any covered medical supplies and services that are otherwise payable on an outpatient basis.
- If we denied the precertification request, we will not pay inpatient hospital benefits. We will only pay for any covered medical supplies and services that are otherwise payable on an outpatient basis.
- When we precertified the admission but you remained in the hospital beyond the number of days we approved and did not get the additional days precertified, then:
 - for the part of the admission that was medically necessary, we will pay inpatient benefits, but
 - for the part of the admission that was not medically necessary, we will pay only medical services and supplies otherwise payable on an outpatient basis and will not pay inpatient benefits.

Exceptions:

You do not need precertification in these cases:

- You are admitted to a hospital outside the United States.
- You have another group health insurance policy that is the primary payer for the hospital stay.
- Your Medicare Part A is the primary payer for the hospital stay. Note: If you exhaust your Medicare hospital benefits and do not want to use your Medicare lifetime reserve days, then we will become the primary payer and you **do** need precertification.

• Other services

Some services require a referral, precertification, or prior authorization.

- Home health care (see Section 5(a))
- Hospice care (see Section 5(c))
- Organ/Tissue transplants (see Section 5(b))
- Skilled nursing care (see Section 5(c))
- Mental Health and Substance abuse treatment (see Section 5(e))

Section 4. Your costs for covered services

This is what you will pay out-of-pocket for your covered care:

- **Copayments**

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc. when you receive services.

Example: When you see your PPO physician you pay a copayment of \$20 per day. If you see more than one PPO physician on the same day, you pay one copayment for each different physician seen on that day. When you have a stay in a non-PPO hospital, you pay \$200 for the first day of your hospital stay.

- **Deductible**

A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.

 - The calendar year deductible is \$350 per person. Under a family enrollment, the deductible is satisfied for all family members when the combined covered expenses applied to the calendar year deductible for family members reach \$700.
 - We also have a separate deductible for dental care—\$50 per person each calendar year.

Note: If you change plans during open season, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

- **Coinsurance**

Coinsurance is the percentage of our allowance that you must pay for your care. Coinsurance doesn't begin until you meet your deductible.

Example: You pay 25% of our allowance for physician office visits under our non-PPO benefit.

Note: If your provider routinely waives (does not require you to pay) your copayments, deductibles, or coinsurance, the provider is misstating the fee and may be violating the law. In this case, when we calculate our share, we will reduce the provider's fee by the amount waived.

For example, if your physician ordinarily charges \$100 for a service but routinely waives your 25% coinsurance, the actual charge is \$75. We will pay \$56.25 (75% of the actual charge of \$75).

- **Differences between our allowance and the bill**

Our "Plan allowance" is the amount we use to calculate our payment for covered services. Fee-for-service plans arrive at their allowances in different ways, so their allowances vary. For more information about how we determine our Plan allowance, see the definition of Plan allowance in Section 10.

Often, the provider's bill is more than a fee-for-service plan's allowance. Whether or not you have to pay the difference between our allowance and the bill will depend on the provider you use.

When you live in the Plan's PPO area, you should use a PPO provider, whenever possible. The following two examples explain how we will handle your bill when you go to a PPO provider and when you go to a non-PPO provider. When you use a PPO provider, the amount you pay will usually be much less.

 - **PPO providers** agree to limit what they will bill you. Because of that, when you use a preferred provider, your share of covered charges consists only of your deductible and coinsurance or copayment. Here is an example about coinsurance: You see a PPO physician who charges \$150, but our allowance is \$100. If you have met your deductible, you are only responsible for your coinsurance. That is, you pay just — 10% of our \$100 allowance (\$10). Because of the agreement, your PPO physician will not bill you for the \$50 difference between our allowance and his bill.

- **Non-PPO providers**, on the other hand, have no agreement to limit what they will bill you. When you use a non-PPO provider, you will pay your deductible and coinsurance — **plus** any difference between our allowance and charges on the bill. Here is an example: You see a non-PPO physician who charges \$150 and our allowance is again \$100. Because you've met your deductible, you are responsible for your coinsurance, so you pay 25% of our \$100 allowance (\$25). Plus, because there is no agreement between the non-PPO physician and us, he can bill you for the \$50 difference between our allowance and his bill.

The following table illustrates the examples of how much you have to pay out-of-pocket for services from a PPO physician versus a non-PPO physician when you live in a PPO network area. The table uses our example of a service for which the physician charges \$150 and our allowance is \$100. The table shows the amount you pay if you have met your calendar year deductible.

EXAMPLE	PPO physician	Non-PPO physician
Physician's charge	\$150	\$150
Our allowance	We set it at: \$100	We set it at: \$100
We pay	85% of our allowance: \$85	75% of our allowance: \$75
You owe: Coinsurance	10% of our allowance: \$15	25% of our allowance: \$25
+Difference up to charge?	No: \$0	Yes: \$50
TOTAL YOU PAY	\$15	\$75

Your catastrophic protection out-of-pocket maximum for deductibles, coinsurance, and copayments

For those benefits where coinsurance or deductibles applies, we pay 100% of the Plan allowance for the rest of the calendar year after your expenses total to:

- \$2,500 per person or \$3,000 per family when you use PPO providers/facilities, or
- \$3,000 per person or \$3,500 per family when you use PPO and non-PPO providers/facilities combined
- \$8,000 per person for out-of-network Mental Health/Substance Abuse care

Your out-of-pocket maximum does not include the following:

- Copayments, except the hospital stay copayment
- Expenses for prescription medications you order from our mail order drug program
- Expenses for dental care
- Expenses in excess of our allowances or maximum benefit limits
- Expenses for a stay in a skilled nursing facility
- Any penalty you pay for failing to get approval for a hospital stay
- Any amount you pay for failing to get approval for additional days in the hospital after the initial length of a hospital stay is approved
- Any amount you pay for failing to get approval for outpatient mental health/substance abuse care
- Any amount you pay for not following an approved mental health/substance abuse care treatment program
- Expenses you pay for services, supplies and drugs not covered by us

When government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Service are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow.

If we overpay you

If your claim has been paid in error for any reason, we will make a diligent effort to recover the overpayment from you or your provider. We may also reduce subsequent benefit payments to you or to a provider to offset overpayments made in error.

When you are age 65 or over and you do not have Medicare

Under the FEHB law, we must limit our payments for those benefits you would be entitled to if you had Medicare. And, your physician and hospital must follow Medicare rules and cannot bill you for more than they could bill you if you had Medicare. The following chart has more information about the limits.

If you...

- are age 65 or over, and
 - do not have Medicare Part A, Part B, or both; and
 - have this Plan as an annuitant or as a former spouse, **or** as a family member of an annuitant or former spouse; and
 - are not employed in a position that gives FEHB coverage. (Your employing office can tell you if this applies.)
-

Then, for your inpatient hospital care,

- the law requires us to base our payment on an amount — the “equivalent Medicare amount” — set by Medicare’s rules for what Medicare would pay, not on the actual charge;
 - you are responsible for your applicable deductibles, coinsurance, or copayments you owe under this Plan;
 - you are not responsible for any charges greater than the equivalent Medicare amount; we will show that amount on the explanation of benefits (EOB) form that we send you; and
 - the law prohibits a hospital from collecting more than the Medicare equivalent amount.
-

And, for your physician care, the law requires us to base our payment and your coinsurance on...

- an amount set by Medicare and called the “Medicare approved amount,” or
 - the actual charge if it is lower than the Medicare approved amount.
-

If your physician...	Then you are responsible for...
Participates with Medicare or accepts Medicare assignment for the claim and is a member of our PPO network,	your deductibles, coinsurance, and copayments and any balance up to the Medicare approved amount;
Participates with Medicare and is not in our PPO network,	your deductibles, coinsurance, copayments, and any balance up to the Medicare approved amount;
Does not participate with Medicare,	your deductibles, coinsurance, copayments, and any balance up to 115% of the Medicare approved amount

It is generally to your financial advantage to use a physician who participates with Medicare. Such physicians are permitted to collect only up to the Medicare approved amount.

Our explanation of benefits (EOB) form will tell you how much the physician or hospital can collect from you. If your physician or hospital tries to collect more than allowed by law, ask the physician or hospital to reduce the charges. If you have paid more than allowed, ask for a refund. If you need further assistance, call us.

When you have the Original Medicare Plan (Part A, Part B, or both)

We limit our payment to an amount that supplements the benefits that Medicare would pay under Medicare Part A (Hospital insurance) and Medicare Part B (Medical insurance), regardless of whether Medicare pays. Note: We pay our regular benefits for emergency services to an institutional provider, such as a hospital, that does not participate with Medicare and is not reimbursed by Medicare.

If you are covered by Medicare Part B and it is primary, your out-of-pocket costs for services that both Medicare Part B and we cover depend on whether your physician accepts Medicare assignment for the claim.

- If your physician accepts Medicare assignment, then you pay nothing for covered charges.
- If your physician does not accept Medicare assignment, then you pay the difference between our payment combined with Medicare's payment and the charge.

Note: The physician who does not accept Medicare assignment may not bill you for more than 115% of the amount Medicare bases its payment on, called the "limiting charge." The Medicare Summary Notice (MSN) that Medicare will send you will have more information about the limiting charge. If your physician tries to collect more than allowed by law, ask the physician to reduce the charges. If the physician does not, report the physician to your Medicare carrier who sent you the MSN form. Call us if you need further assistance.

Please see Section 9, Coordinating benefits with other coverage, for more information about how we coordinate benefits with Medicare.

Here are some important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is: \$350 per person (\$700 per family). The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works, with special sections for members who are age 65 or over. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Section 5(b). Surgical and anesthesia services provided by physicians and other health care professionals

Here are some important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is: \$350 per person (\$700 per family). The calendar year deductible applies to almost all benefits in this Section. We added (“No deductible”) to show when the calendar year deductible does not apply.
- The non-PPO benefits are the standard benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works, with special sections for members who are age 65 or over. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by a physician or other health care professional for your surgical care. Look in Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- **YOU MUST GET PRECERTIFICATION OF SOME SURGICAL PROCEDURES. Please refer to the precertification information shown in Section 3 to be sure which services require precertification.**

Section 5(c). Services provided by a hospital or other facility, and ambulance services

Here are some important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In this Section 5(c), unlike Sections 5(a) and 5(b), the calendar year deductible applies to only a few benefits. In that case, we added “(calendar year deductible applies)”. The calendar year deductible is: \$350 per person (\$700 per family).
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works, with special sections for members who are age 65 or over. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by the facility (i.e. hospital or surgical center) or ambulance service for your surgery or care. Any costs associated with the professional charge (i.e. physicians, etc.) are in Sections 5(a) or (b).
- **YOU MUST GET PRECERTIFICATION OF HOSPITAL STAYS; FAILURE TO DO SO WILL RESULT IN A MINIMUM \$500 PENALTY.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification.

You may choose to get care Out-of-Network (non-PPO) or In-Network (PPO). When you receive In-Network care, you must get our approval for all services and follow a treatment plan we approve. If you do, cost-sharing and limitations for In-Network mental health and substance abuse benefits will be no greater than for similar benefits for other illnesses and conditions.

Here are some important things to keep in mind about these benefits:

- All benefits are subject to the definitions, limitations, and exclusions in this brochure.
- The calendar year deductible or, for facility care, the inpatient deductible apply to almost all benefits in this Section. We added “(No deductible)” to show when a deductible does not apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PREAUTHORIZATION/PRE CERTIFICATION OF THESE SERVICES.** See the instructions after the benefits descriptions below.

Preauthorization and precertification

To be eligible to receive these enhanced mental health and substance abuse benefits you must follow your treatment plan and all of our authorization processes. These include:

- Precertification to establish the medical necessity of your stay in a hospital or other facility. Please see page 12 for information on how to precertify your care. If you do not precertify your stay, we will reduce our benefits by \$500.
- Preauthorization to establish the medical necessity for all levels of outpatient or office care by your physician or other covered provider. Please see pages 12 and 13 for information on how to preauthorize your care. If you do not preauthorize your care within two business days of the first visit, we will reduce any available benefits by 50%.
- Review of continuing treatment to establish the medical necessity of your continuing treatment for all levels of outpatient or office care. Please see page 13, for information on how to get review of continuing treatment. If you do not get your continuing treatment reviewed or you do not follow your treatment plan, we will reduce any available benefits by 50%.

Network deductibles and out-of-pocket maximums

A \$350 per person (\$700 per family) calendar year deductible applies to outpatient charges and inpatient and outpatient professional charges. We waive the calendar year deductible for office visits with PPO physicians. Once you reach the combined out-of-pocket maximum (see page 15), the Plan will pay 100% of its allowance for the rest of the calendar year.

Network limitation

If you do not obtain an approved treatment plan, we will provide only Out-of-Network benefits.

Here are some important things to keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- All benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is: \$350 per person (\$700 per family). The calendar year deductible applies to almost all benefits in this Section. We added (“No deductible”) to show when the calendar year deductible does not apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works, with special sections for members who are age 65 or over. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician must write the prescription.
- **Where you can obtain your prescription.** You may fill your prescription at a Caremark network pharmacy, a non-network pharmacy, or through the Caremark mail order prescription program.
 - **Caremark network pharmacy**
You may fill your prescription at a Caremark network pharmacy. To find a participating pharmacy where you live, call Caremark toll-free at 1-800/831-4440 or on the Internet at www.rxrequest.com or as a link through our web page at www.nrlca.org. **You must show the pharmacy your Plan ID card (that includes the Caremark logo) or a Caremark prescription drug card to receive the negotiated discount price.** You pay the full discounted price for your prescription and then file a claim with us. **Prescriptions you purchase at a Caremark network pharmacy without using your ID card or a Caremark drug card are at the full regular price charged by the pharmacy.**
 - **Non-Network Pharmacy**
You may fill your prescription at any non-network pharmacy. You pay the full regular price for your prescription and then file a claim with us.
 - **Caremark mail order prescription program**
You may fill your long-term prescription through the Caremark mail order prescription program. You will receive order forms and information on how to use the mail order prescription program with your Plan ID card. To order your prescription by mail: 1) complete the Caremark order form; 2) enclose your prescription(s) and copayment(s); 3) mail your order to Caremark, P O Box 659572, San Antonio, TX 78256-9572; and 4) allow approximately two weeks for delivery. You will receive order forms for refills and future prescription orders each time you use the mail order program. You can also order refills from the mail order program by telephone toll-free at 1-800/344-8075 or on the Internet at www.rxrequest.com.
- **These are the dispensing limitations.**
 - You may purchase up to a 34-day supply of medication at a Caremark network pharmacy. There is no limit on the number of refills that you can buy at a Caremark network pharmacy.
 - There is no day supply or refill limit for medications that you buy at a non-network pharmacy.
 - A generic equivalent will be dispensed if it is available, unless your physician specifically requires a brand name.
 - You may purchase up to a 90-day supply of a medication through the Caremark mail order prescription program. If you request a refill before you use 75% of the medication (based on your physician’s written directions for taking the medication), Caremark will return the refill request to you. Caremark follows generally accepted pharmacy standards when filling your prescriptions. These include Federal and state pharmacy regulations, the professional judgment of the pharmacist, and the usage recommendations of the

Prescription drug benefits — *continued on next page*

drug manufacturer as approved by the U.S. Food and Drug Administration (FDA). If a Federally approved generic drug is available, Caremark will substitute for a brand name drug unless your physician specifies that it is medically necessary that you receive the brand name drug. Certain types of prescription medications are not available through the mail order program such as:

- Specially mixed (compounded) capsules and suppositories
- Vaccines
- Frozen medications
- Dental products
- Most medical devices
- Infertility drugs

Caremark will fill prescriptions for medications designated as Class II, III, IV, and V controlled substances by the FDA. However, Federal or state law may limit the supply of these medications to less than 90 days.

- We have an open formulary for our mail order prescription program. If your physician believes a brand name drug is necessary or there is no generic available, your physician may prescribe a brand name drug from a formulary list. This list of brand name drugs is a preferred (not required) list of drugs that we selected to meet patient needs. To request a prescription drug formulary list, call Caremark toll-free at 1-800/831-4440.
- If you have Medicare Part B, we do not waive your deductible or coinsurance for prescription drugs and supplies that you buy at a Caremark network pharmacy or at a non-network pharmacy. However, your copayment is reduced for prescriptions that you order through the Caremark mail order prescription program.
- **Why use generic drugs?** Generic drugs offer a safe and economic way to meet your prescription drug needs. The generic name of a drug is its chemical name; the name brand is the name under which the manufacturer advertises and sells a drug. Under federal law, generic and name brand drugs must meet the same standards for safety, purity, strength, and effectiveness. Generic drugs contain the same active ingredients and are equivalent in strength and dosage to the original brand name product. All manufacturing and marketing of a generic drug is conducted following strict guidelines established by the U.S. Food and Drug Administration (FDA). No prescription drug can be sold in the U.S. without FDA approval. The manufacturing facilities of all drug companies, whether they make generic or brand name drugs, must pass stringent, regular inspections by the FDA. There is no difference between the standards set for drug companies that make brand name or generic medications. Many drug companies that make brand name drugs also make generic drugs. A generic prescription costs you — and us — less than a name brand prescription.
- **When you have to file a claim.** Follow the normal claim procedure on page 49. There is no special claim form to fill out for your prescription drug expenses.

Section 5(i). Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, **and you cannot file an FEHB disputed claim about them.** Fees you pay for these services do not count toward FEHB deductibles or out-of-pocket maximums.

Long term care insurance—Long term care is open to NRLCA members, their spouse, parents and parents-in-law under age 80. Premium rates are based on your age at the time of approval for coverage. Please consult the separate descriptive pamphlet for detailed information. This insurance plan is separate from the Federal Long Term Care Insurance Program.

- Covers skilled nursing, intermediate nursing and custodial care in a nursing home, skilled nursing facility, or assisted living home; \$100 per day benefit
- Covers outpatient care for home health care, adult day care and respite care; \$50 per day benefit
- Includes return of premium feature
- Includes inflation protection option

Long term disability income insurance—The Rural Letter Carrier Long Term Disability (RLCLTD) Income Plan protects an individual from being unable to work and earn a paycheck because of an illness or injury. The RLCLTD Plan is available to active regular rural letter carriers that are members of the NRLCA. Premium rates are based on your age and benefit level selected. Please consult the separate descriptive pamphlet for detailed information.

- Two benefit levels with a waiting period
- Replacement of 50% or 60% of your basic pay tax-free
- Benefits payable to age 65
- Premiums payable through payroll allotment

Supplemental dental insurance—The NRLCA Dental Plans are available to all NRLCA members. The Plans feature a schedule of benefits for a variety of dental care services. Premium rates are based on geographic regions across the country and are guaranteed for three years from the time of initial enrollment in the Plan. The Plans allow members to use any licensed dentist with improved benefits if you use one of more than 45,000 preferred dental offices throughout the country. Benefits include:

- Diagnostic and Preventive Care
- Oral Surgery
- Restorative Care
- Endodontic Care (Root Canals)
- Periodontic Care (Gum Disease)
- Prosthodontic Care (Crowns and Dentures)

Please consult the separate descriptive pamphlets for detailed information.

Term life insurance—The NRLCA Life Insurance Plan is available to actively employed members of the NRLCA under age 60. Premium rates are based on your age at time of approval for coverage and at each renewal date. Please consult the separate descriptive pamphlet for detailed information.

- Provides up to \$200,000 of term life insurance coverage in \$25,000 multiples
- Provides up to \$40,000 accidental death and dismemberment coverage
- Family life insurance coverage up to \$10,000
- Living Care benefit for terminally ill enrollees

Vision and Hearing Insurance—The NRLCA Vision and Hearing Plan is available to all members of the NRLCA. Please see the separate pamphlet for complete information.

- Provides discounts on frames, lenses, and contact lenses at participating providers
- Provides discounts on hearing aids at Beltone Hearing Centers, free hearing exam and an extended warranty on the hearing aid.

For further information on any of the above benefits, contact the NRLCA Insurance Department at:

NRLCA Group Insurance Department

Benefits on this page are not part of the FEHB contract

Section 6. General exclusions — things we don't cover

The exclusions in this section apply to all benefits. Although we may list a specific service as a benefit, we will not cover it unless we determine it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. Even if a covered provider prescribes, recommends, or approves a service or supply does not make it medically necessary or eligible for coverage.

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies that are not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices;
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest;
- Services, drugs, or supplies related sex transformations, sexual dysfunction or impotence;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program;
- Services, drugs, or supplies you receive when no charge would be made if you had no health insurance coverage;
- Services, drugs, or supplies you receive without charge while in active military service;
- Services, drugs, or supplies you receive from immediate relatives or household members, such as spouse, parents, child, brother or sister by blood, marriage, or adoption;
- Services, drugs, or supplies you receive at a facility not covered under the Plan, except that medically necessary prescription drugs are covered;
- Any part of a provider's fee or charge that you would ordinarily pay but is waived by the provider. If a provider routinely waives (does not require you to pay) a deductible or coinsurance, we will calculate the actual provider fee or charge by reducing the fee or charge by the amount waived;
- Charges that you or we have no legal obligation to pay, such as: excess charges for an annuitant age 65 or older who is not covered by Medicare Part A and/or B, (see page 16), physician charges exceeding the amount specified by the Department of Health and Human Services when benefits are payable under Medicare (limiting charge) or State premium taxes however applied;
- Custodial care;
- Acupuncture;
- Services, drugs, or supplies related to weight control or any treatment of obesity except surgery for morbid obesity;
- Chelation therapy, except for acute arsenic, gold, mercury or lead poisoning;
- Nonmedical services such as social services and recreational, educational, visual, and nutritional counseling;
- Non-surgical treatment of temporomandibular joint (TMJ) dysfunction including dental appliances, study models, splints and other devices;
- Services, drugs and supplies for cosmetic purposes, except repair of accidental injury;
- Charges for completion of reports or forms;
- Charges for interest on unpaid balances;
- Charges for missed or cancelled appointments;
- Charges for telephone consultations, conferences, or treatment by telephone, mailings, faxes, e-mails or any other communication to or from a hospital or covered provider;
- Biofeedback and milieu therapy;
- Preventive medical care and services, except those provided under Preventive care adult and Preventive care children in Section 5(a);
- Private duty nursing care that you receive during a hospital stay;
- Any services you receive related to a learning disability;
- Breast implants (except after mastectomy), injections of silicone or other substances, and all related charges;
- Hearing aids and examinations for them;
- Eyeglasses and contact lenses (except as covered under Vision services in Section 5(a); or
- Services and supplies not specifically listed as covered.

Note: Exclusions that are primarily identified with a single benefit category are listed along with that benefit category, but may apply to other categories.

Section 7. Filing a claim for covered services

How to claim benefits

To obtain claim forms or other claims filing advice or answers about our benefits, contact us at 1-800/638-8432.

In most cases, providers and facilities file claims for you. Your physician must file on the form HCFA-1500, Health Insurance Claim Form. Your facility will file on the UB-92 form. For claims questions and assistance, call us at 1-800/638-8432.

When you must file a claim — such as for services you receive overseas or when another group health plan is primary — submit it on the HCFA-1500 or a claim form that includes the information shown below. Send your claims to:

Rural Carrier Benefit Plan
P. O. Box 668329
Charlotte, NC 28266-8329

Bills and receipts should be itemized and show:

- Name of patient and relationship to enrollee;
- Plan identification number of the enrollee;
- Name and address of person or firm providing the service or supply;
- Dates that services or supplies were furnished;
- Diagnosis;
- Type of each service or supply; and
- The charge for each service or supply.

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

In addition:

- You must send a copy of the explanation of benefits (EOB) from any primary payer (such as the Medicare Summary Notice (MSN)) with your claim.
- Bills for home nursing care must show that the nurse is a registered or licensed practical nurse.
- Claims for rental or purchase of durable medical equipment; private duty nursing; and physical, occupational, and speech therapy require a written statement from the physician specifying the medical necessity for the service or supply and the length of time needed.

Claims for prescription drugs and supplies that are not ordered through the Mail Order Prescription Drug Program must include receipts that have the patient's name, the prescription number, name of drug or supply, prescribing physician's name, date, charge, and pharmacy name. The pharmacist must sign any computer printout or pharmacy ledger.

Records

Keep a separate record of the medical expenses of each covered family member as deductibles and maximum allowances apply separately to each person. Save copies of all medical bills, including those you accumulate to satisfy a deductible. In most instances they will serve as evidence of your claim. We will not provide duplicate or year-end statements.

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim no more than two years after you receive the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible. Once we pay benefits, there is a three-year limitation on reissuing uncashed checks.

Overseas claims

Follow the same procedures when submitting claims for overseas (foreign) services as you would when submitting claims for stateside services. Claims for overseas services should include an English translation. Charges should be converted to U.S. dollars using the exchange rate applicable at the time the expense was incurred. We will provide translation and currency conversion services for claims for overseas (foreign) services.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond.

Section 8. The disputed claims process

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies – including a request for preauthorization/prior approval:

Step	Description
1	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none"> (a) Write to us within 6 months from the date of our decision; and (b) Send your request to us at: Rural Carrier Benefit Plan, P.O. Box 668329, Charlotte, NC 28266-8432 and (c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and (d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.
2	<p>We have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none"> (a) Pay the claim (or, if applicable, arrange for the health care provider to give you the care); or (b) Write to you and maintain our denial — go to step 4; or (c) Ask you or your provider for more information. If we ask your provider, we will send you a copy of our request—go to step 3.
3	<p>You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.</p> <p>If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.</p> <p>We will write to you with our decision.</p>
4	<p>If you do not agree with our decision, you may ask OPM to review it.</p> <p>You must write to OPM within:</p> <ul style="list-style-type: none"> • 90 days after the date of our letter upholding our initial decision; or • 120 days after you first wrote to us — if we did not answer that request in some way within 30 days; or • 120 days after we asked for additional information. <p>Write to OPM at: Office of Personnel Management, Office of Insurance Programs, Contracts Division 2, 1900 E Street, NW, Washington, DC 20415-3620</p> <p>Send OPM the following information:</p> <ul style="list-style-type: none"> • A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure; • Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms; • Copies of all letters you sent to us about the claim; • Copies of all letters we sent to you about the claim; and • Your daytime phone number and the best time to call. <p>Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.</p> <p>Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.</p> <p>Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.</p>

The disputed claims process *(continued)*

5	OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.
6	<p>If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.</p> <p>OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.</p> <p>You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.</p>

NOTE: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and

- (a) We haven't responded yet to your initial request for care or preauthorization/prior approval, then call us at 1-800/638-8432 and we will expedite our review; or
- (b) We denied your initial request for care or preauthorization/prior approval, then:
 - If we expedite our review and maintain our denial, we will inform OPM so that they can give your claim expedited treatment too, or
 - You may call OPM's Health Benefits Contracts Division 2 at 1-202/606-3818 between 8 a.m. and 5 p.m. Eastern Time.

Section 9. Coordinating benefits with other coverage

When you have other health coverage

You must tell us if you or a covered family member have coverage under another group health plan or have automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

• What is Medicare?

Medicare is a Health Insurance Program for:

- People 65 years of age and older.
- Some people with disabilities, under 65 years of age.
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has two parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (Someone who was a Federal employee on January 1, 1983 or since automatically qualifies.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE (1-800/633-4227) for more information
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare managed care plan is the term used to describe the various health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on the type of Medicare managed care plan you have.

• The Original Medicare Plan (Part A or Part B)

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share. Some things are not covered under Original Medicare, like prescription drugs.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care except you do not need to get a hospital stay approved when Medicare pays first.

Claims process when you have the Original Medicare Plan — You probably will never have to file a claim form when you have both our Plan and the Original Medicare Plan

- When we are the primary payer, we process the claim first.
- When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will provide secondary benefits for covered charges. You will not need to do anything. To find out if you need to do something to file your claims, call us at 1-800/638-8432.

We waive some costs when you have the Original Medicare Plan – When Original Medicare is the primary payer, we will waive some out-of-pocket costs, as follows:

- Medical services and supplies provided by physicians and other health care professionals. If you are enrolled in Medicare Part B, we will waive our \$350 calendar year deductible and pay the \$100 Part B deductible for you.

NOTE: We do not waive the \$350 calendar year deductible for prescription drug expenses when the medication is purchased at a pharmacy.

- Services and supplies provided in a hospital or other covered facility. If you are enrolled in Medicare Part A, we will waive our \$200 hospital copayment and pay the Part A deductible for you.

The following chart illustrates whether Original Medicare or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly.

- **Medicare managed care plan**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare managed care plan. These are health care choices (like HMOs) in some areas of the country. In most Medicare managed care plans, you can only go to doctors, specialists, or hospitals that are part of the plan. Medicare managed care plans provide all the benefits that Original Medicare covers. Some cover extras, like prescription drugs. To learn more about enrolling in a Medicare managed care plan, contact Medicare at 1-800-MEDICARE (1-800/633-4227) or at www.medicare.gov.

If you enroll in a Medicare managed care plan, the following options are available to you:

This Plan and another plan's Medicare managed care plan: You may enroll in another plan's Medicare managed care plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare managed care plan is primary, even out of the managed care plan's network and/or service area, but we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare managed care plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare managed care plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare managed care plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare managed care plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare managed care plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare managed care plan's service area.

- **Private Contract with your physician**

A physician may ask you to sign a private contract agreeing that you can be billed directly for services ordinarily covered by Original Medicare. Should you sign an agreement, Medicare will not pay any portion of the charges, and we will not increase our payment. We will still limit our payment to the amount we would have paid after Original Medicare's payment.

- **If you do not enroll in Medicare Part A or Part B**

If you do not have one or both Parts of Medicare, you can still be covered under the FEHB Program. We will not require you to enroll in Medicare Part B and, if you can't get premium-free Part A, we will not ask you to enroll in it.

TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPVA program. If both TRICARE and this Plan cover you, we pay first. See your TRICARE Health Benefits Advisor if you have questions about TRICARE coverage.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the program.

Workers' Compensation

We do not cover services that:

- you need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal Government agency directly or indirectly pays for them.

When others are responsible for injuries

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.

Section 10. Definitions of terms we use in this brochure

Admission	The period from entry (admission) into a hospital or other covered facility until discharge. In counting days of inpatient care, the date of entry and the date of discharge are counted as the same day.
Acupuncture	The technique of passing long thin needles through the skin into specific external body locations to relieve pain, to produce regional anesthesia, or for other therapeutic purposes.
Calendar year	The period of time from January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Chiropractic	A system of therapy that attributes disease to abnormal function of the nervous system and attempts to restore normal function by manipulation of the spinal column and other body structures.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 14.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. You may also be responsible for additional amounts. See page 14.
Covered services	Services we provide benefits for, as described in this brochure.
Custodial care	<p>Treatment or services, no matter who recommends them or where you receive them, which a person without medical skills can provide safely and reasonably. In addition, treatment and services designed mainly to help the patient with daily living activities. These include:</p> <ul style="list-style-type: none">• personal care like help in: walking; getting in and out of bed; bathing; eating (by spoon, gastostomy or tube); exercising; dressing• homemaking services, like preparing meals or special diets• moving the patient• acting as a companion or sitter• supervising the taking of medication that can usually be self-administered; or• treatment or services that anyone can perform with minimal training like recording temperature, pulse and respirations or administering and monitoring a feeding system. <p>Custodial care that lasts for 90 days or more is sometimes called long term care. We determine what treatments or services is custodial care.</p>
Deductible	A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See page 14.
Experimental/ investigational services	A drug, device or biological product is experimental or investigational if the drug, device or biological product cannot be lawfully marketed without the approval of the U.S. Food and Drug Administration (FDA) and approval for marketing has not been given at the time it is furnished to you. Approval means all forms of acceptance by the FDA.

A medical treatment or procedure, or a drug, device or biological product is experimental or investigational if:

- reliable evidence shows that it is the subject of on-going phase I, II or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis; or
- reliable evidence shows that the consensus of opinion among experts regarding the drug, device, or biological product or medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with the standard means of treatment or diagnosis.

Reliable evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, device or medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device or medical treatment or procedure.

Home health care agency

A public agency or private organization under Medicare that is licensed as a home health care agency by the State and is certified as such.

Home health care plan

A plan of continued care and treatment when you are under the care of a physician, and when certified by the physician that, without the home health care, confinement in a hospital or skilled nursing facility would be required.

Hospice care program

A coordinated program of home or inpatient pain control and supportive care for a terminally-ill patient and the patient's family. Care is provided by a medically supervised team under the direction of an independent hospice administration that we approve.

Hospital stay

An admission (or series of admissions separated by less than 60 days) to a hospital as an inpatient for any illness or injury. You start a new hospital stay (1) when the admission is for a cause unrelated to the previous admission; (2) when an employee returns to work for at least one day before the next admission; or (3) when the hospital stays are separated by at least 60 days for a dependent or retiree.

Long term rehabilitation therapy

Physical, speech, and occupational therapy, which can be expected to last longer than a two month period in order to achieve a significant improvement in your condition.

Medical necessity

Services, supplies, drugs, or equipment provided by a hospital or covered provider of the health care services that we determine:

- are appropriate to diagnose or treat the patient's condition, illness or injury;
- are consistent with standards of good medical practice in the United States;
- are not primarily for the personal comfort or convenience of the patient, the family, or the provider;
- are not a part of or associated with the scholastic education or vocational training of the patient; and
- in the case of inpatient care, cannot be provided safely in an outpatient setting.

The fact that a covered provider prescribes, recommends, or approves a service, supply, drug or equipment does not, by itself, make it a medical necessity.

Plan allowance

Our Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Fee-for-service plans determine their allowances in different ways. We determine our allowance as follows:

We base our Plan allowance on reasonable and customary charges. Reasonable and customary charges are those charges that are comparable to charges made by other providers for similar services and supplies under comparable circumstances in the same geographic area. We develop the Plan's allowances from actual claims received in each zip code throughout the United States, as compiled by the Healthcare Charges Database (HCD). We review and update the allowances twice a year (January 1 and July 1), using the 90th percentile for all charges for a medical procedure. Preferred providers accept the plan allowance as payment in full. For certain services, exceptions may exist to this general method for determining the Plan's allowance.

For more information, see *Differences between our allowance and the bill* in Section 4.

Prosthetic device

An artificial substitute for a missing body part, such as an arm or leg, used for functional reasons, because a part of the body is permanently damaged, is absent or is malfunctioning. A prosthetic device is surgically inserted or physically attached to the body to restore a bodily function or replace a physical portion of the body.

Routine testing/screening

Healthcare services you receive from a covered provider without any apparent signs or symptoms of an illness, injury or disease.

Us/We

Us and we refer to the Rural Carrier Benefit Plan.

You

You refers to the enrollee and each covered family member.

Section 11. FEHB facts

No pre-existing condition limitation

We will not refuse to cover the treatment of a condition that you had before you enrolled in this Plan solely because you had the condition before you enrolled.

Where you can get information about enrolling in the FEHB Program

See www.opm.gov/insure. Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Employees Health Benefits Plans*, brochures for other plans, and other materials you need to make an informed decision about:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- When your enrollment ends; and
- When the next open season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

Types of coverage available for you and your family

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive health benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries or turns 22.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

Children's Equity Act

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self and Family coverage in the Federal Employees Health Benefits (FEHB) Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self and Family coverage in the option of the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self and Family in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self and Family in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot make any changes after retirement. Contact your employing office for further information.

When benefits and premiums start

The benefits in this brochure are effective on January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage

When you retire

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as temporary continuation of coverage (TCC).

When you lose benefits

• When FEHB coverage ends

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage.

• Spouse equity coverage

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. But, you may be eligible for your own FEHB coverage under the spouse equity law. If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices.

• Temporary Continuation of Coverage (TCC)

If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal job, if your child turns 22 or marries, etc.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get OPM pamphlet RI 79-27, which describes TCC under the FEHB Program, and the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, RI 70-5, from your employing or retirement office or from www.opm.gov/insure. It explains what you have to do to enroll.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends. (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to a pre-existing health condition.

Getting a Certificate of Group Health Plan Coverage

You may be entitled to continued coverage through the Health Insurance Portability and Accountability Act of 1996 (HIPAA). This Federal law offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

Get OPM pamphlet RI 79-27, Temporary Continuation of Coverage (TCC) under the FEHB Program. It highlights HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and it has information about Federal and State agencies you can contact for more information.

Long Term Care Insurance Is Still Available!

Open Season for Long Term Care Insurance

- You can protect yourself against the high cost of long term care by applying for insurance in the Federal Long Term Care Insurance Program.
- Open Season to apply for long term care insurance through LTC partners ends on December 31, 2002.
- If you're a Federal employee, you and your spouse need only answer a few questions about your health during Open Season.
- If you apply during the Open Season, your premiums are based on your age as of July 1, 2002. After Open Season, your premiums are based on your age at the time LTC Partners receives your application.

FEHB Doesn't Cover It

- Neither FEHB plans nor Medicare cover the cost of long term care. Also called "custodial care", long term care helps you perform the activities of daily living such as bathing or dressing yourself. It can also provide help you may need due to a severe cognitive impairment such as Alzheimer's disease.

You Can Apply Later, But...

- Employees and their spouses can still apply for coverage after the Federal Long Term Care Insurance Program Open Season ends, but they will have to answer to more health-related questions.
- For annuitants and other qualified relatives, the number of health-related questions that you need to answer is the same during and after the Open Season.

You Must Act to Receive an Application

- Unlike other benefit programs, YOU have to take action — you won't receive an application automatically. You must request one through the toll-free number or website listed below.
- Open Season ends December 31, 2002 — act NOW so you won't miss the abbreviated underwriting available to employees and their spouses, and the July 1 "age freeze"!

Find Out More — Contact LTC Partners by calling **1-800-LTC-FEDS (1-800/582-3337)** (TDD for the hearing impaired: **1-800/843-3557**) or visiting www.ltcfeds.com to get more information and to request an application.

2003 Rate Information for Rural Carrier Benefit Plan

Non-Postal rates apply to most non-Postal enrollees. If you are in a special enrollment category, refer to the FEHB Guide for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to career Postal Service employees. Most employees should refer to the FEHB Guide for United States Postal Service Employees, RI 70-2. Different postal rates apply and special FEHB guides are published for Postal Service Nurses and Tool & Die employees (see RI 70-2B); and for Postal Service Inspectors and Office of Inspector General (OIG) employees (see RI 70-2IN).

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization. Refer to the applicable FEHB Guide.
